“Less shoe, more
natural foot movement”

www.ddstep.hu

D.D.STEP is a high-quality children brand, founded by a 3rd generation shoemaker family, started from men and ladies shoes, finally arriving to kids shoes. It was a combination of invention and craftsmanship that's remained at the heart of what we do.

And whilst now, every pair of our shoes begins with a last which was carved by hand, we also use advanced construction techniques, which help us deliver the perfect walking experience for the future master's of our World.

Each step of a child is our responsibility. Each decision, each shoe we make today, decide how the world will be and how the kids will grow up. With our iconic 3D STITCH construction, which uses 70% less chemicals in production, we aim for a better world and better health, all the while without compromising in comfortability and quality. These qualities are the ones why we created the brand D.D.STEP.

Our shoes are entirely developed and designed at our own facility. Our expert team of designers and technicians use their creativity and knowhow to create the best D.D.STEP shoes.

D.D.STEP egy 3. generációs cipészcsalád által alapított, kiváló minőségű gyermekcipő márka, a gyermekcipőig vezető út férfi és női cipők gyártásából indult ki, végül eljutott a gyerekcipőig. A újítások és a mesterségbeli tudás kombinációja volt, amely továbbra is tevékenységünk középpontjában áll. És bár most is minden cipőnk gyártása egy kézzel faragott falábbal kezdődik, a fejlett technológiák is nagy szerepet játszanak a cipők készítésében, segítve minket abban, hogy tökéletes sétaélményt biztosítsunk világunk leendő mesterei számára.

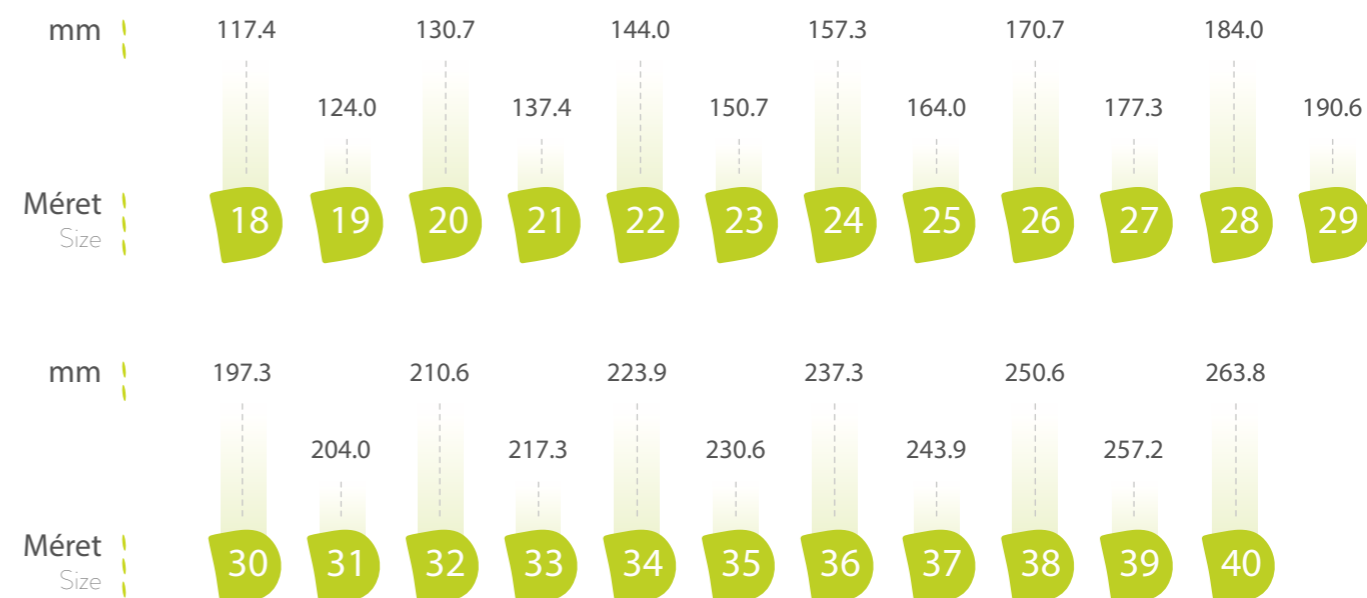

Egy gyermek minden lépése a mi felelősségünk. Minden döntésünk, minden cipőnk, amit ma készítünk, meghatározza, hogy milyen lesz a világ, és hogyan nőnek fel benne a gyermekek. Ikonikus 3D STITCH konstrukciónkkal, amely 70%-kal kevesebb vegyszert használ fel a gyártás során, egy jobb világot és jobb egészséget kívánunk elérni anélkül, hogy a kényelemben és a minőségben kompromisszumot kellene kötnünk. Ezek a tulajdonságok azok, amelyek miatt létrehoztuk a D.D.STEP márkát.

Cipőinket teljes egészében saját létesítményünkben fejlesztettük és terveztük. Tervezőkből és technikusokból álló szakértő csapatunk kreativitásukat és tudásukat felhasználva alkotja meg a legjobb D.D.STEP cipőket.

We understand the importance of our tasks and responsibility. Thus, we always bear in our mind "GO NATURAL GO BAREFOOT". We make shoes that follows foot's natural curve and movement.
